PERSONAL PROFILE
A energetic, engaging, full stack developer with a passion for front-end development. Focused on customer satisfaction through teamwork and committed to excellence. Actively pursuing opportunities to provide programming skills and enthusiasm as a full stack developer.

PROJECTS

ID Card Generator: https://github.com/JohnnyValor/id-card-generator
- Simple ID card generator. User inputs info, produces ID card
- Built using CSS, HTML and Javascript

Personal Website Mock-Up: https://github.com/JohnnyValor/personal-website-mockup
- First simple website design
- Created using Bootstrap, CSS, HTML and Javascript

React Add/Subtract Counter: https://github.com/JohnnyValor/react-demo-counter
- Created app allowing users to 'add' and 'subtract' from 0, or from users input
- Built using Redux in React, NodeJS

Angular CRUD demo: https://github.com/JohnnyValor/angular-crud
- Created a basic TODO app allowing users to add, delete, edit 'todos' in a list
- Built using Angular, Typescript, CSS, HTML, Javascript, MongoDB, NodeJS

User/Admin Post: https://github.com/JohnnyValor/backend-security-mockup
- Created app allowing users to separately signup, login, logout, post, edit post, delete post
- Allows admins to view all users and user posts, delete user posts, delete users
- Employs JWT and Bcrypt for security
- Built using ExpressJS, SQL (local database)

Responsive Design Website: https://github.com/JohnnyValor/responsive-design-mockup
- Created website geared toward responsive design
- Demonstrates practices for accessibility, sustainability and a device-agnostic approach

EDUCATION

Software Development

Self Taught Full Stack Development   May 2022 - December 2022

I am a self driven and highly motivated individual that has followed a non-traditional learning path in programming. While being self taught, I have worked alongside a mentor who has been in the industry for 3 years. Along with MEAN, MERN, stacks and C#/.NET, he taught me the workflow of source control, Jira, and Agile work structure. I have worked on several applications demonstrating my understanding in all stacks which are currently listed in my github.

College of the Redwoods

Undergraduate/Nursing Major   Sept 2021 - Dec 2022

Maintained a 4.0 GPA through four semesters of full time undergraduate nursing studies while being primary caretaker of my children and working 20+ hours a week. Awarded President's Honors each semester.

Delnor Hospital/Waubonsee Community College

EMT/Paramedic Certification   Mar 2009 - Dec 2010

Completed over 400+ hours of certification in a rigorous medical training process. Rode with Aurora Illinois Fire Department Paramedic Unit for on field training, logging 20+ required specific medical emergency situations. Completed clinical hours at Mercy Hospital in Aurora, Illinois.
